APPLICATION PERMISSIONS

PERMISSION	STATUS	INFO	DESCRIPTION
android.permission.INTERNET	normal	full Internet access	Allows an application to create network sockets.
android.permission.ACCESS_NETWORK_STATE	normal	view network status	Allows an application to view the status of all networks.
android.permission.RECEIVE_BOOT_COMPLETED	normal	automatically start at boot	Allows an application to start itself as soon as the system has finished booting. This can make it take longer to start the phone and allow the application to slow down the overall phone by always running.
android.permission.QUICKBOOT_POWERON	unknown	Unknown permission	Unknown permission from android reference

PERMISSION	STATUS	INFO	DESCRIPTION
android.permission.VIBRATE	normal	control vibrator	Allows the application to control the vibrator.
android.permission.POST_NOTIFICATIONS	dangerous	allows an app to post notifications.	Allows an app to post notifications
android.permission.DETECT_SCREEN_CAPTURE	normal	notifies when a screen capture of the app's windows is attempted.	Allows an application to get notified when a screen capture of its windows is attempted.
android.permission.WAKE_LOCK	normal	prevent phone from sleeping	Allows an application to prevent the phone from going to sleep.
android.permission.FOREGROUND_SERVICE	normal	enables regular apps to use Service.startForeground.	Allows a regular application to use Service.startForeground.
android.permission.SCHEDULE_EXACT_ALARM	normal	permits exact alarm scheduling for background work.	Allows an app to use exact alarm scheduling APIs to perform timing sensitive background work.
android.permission.CHANGE_CONFIGURATION	SignatureOrSystem	change your UI settings	Allows an application to change the current configuration, such as the locale or overall font size.
com.google.android.gms.permission.AD_ID	normal	application shows advertisements	This app uses a Google advertising ID and can possibly serve advertisements.
android.permission.ACCESS_WIFI_STATE	normal	view Wi-Fi status	Allows an application to view the information about the status of Wi-Fi.
com.google.android.c2dm.permission.RECEIVE	normal	recieve push notifications	Allows an application to receive push notifications from cloud.
android.permission.ACCESS_ADSERVICES_ATTRIBUTION	normal	allow applications to access advertising service attribution	This enables the app to retrieve information related to advertising attribution, which can be used for targeted advertising purposes. App can gather data about how users interact with ads, such as clicks or impressions, to measure the effectiveness of advertising campaigns.
android.permission.ACCESS_ADSERVICES_AD_ID	normal	allow app to access the device's advertising ID.	This ID is a unique, user-resettable identifier provided by Google's advertising services, allowing apps to track user behavior for advertising purposes while maintaining user privacy.
com.google.android.finsky.permission.BIND_GET_INSTALL_REFERRER_SERVICE	normal	permission defined by google	A custom permission defined by Google.
com.android.vending.BILLING	normal	application has in-app purchases	Allows an application to make in-app purchases from Google Play.
net.beginners.weight.loss.workout.women.yoga.go.DYNAMIC_RECEIVER_NOT_EXPORTED_PERMISSION	unknown	Unknown permission	Unknown permission from android reference
com.android.vending.CHECK_LICENSE	unknown	Unknown permission	Unknown permission from android reference

MANIFEST ANALYSIS

HIGH: **0** | WARNING: **8** | INFO: **0** | SUPPRESSED: **0**

NO	ISSUE	SEVERITY	DESCRIPTION
1	App can be installed on a vulnerable Android version Android 8.0, minSdk=26]	warning	This application can be installed on an older version of android that has multiple vulnerabilities. Support an Android version => 10, API 29 to receive reasonable security updates.
2	App has a Network Security Configuration [android:networkSecurityConfig=@xml/network_security_config]	info	The Network Security Configuration feature lets apps customize their network security settings in a safe, declarative configuration file without modifying app code. These settings can be configured for specific domains and for a specific app.
3	Service (androidx.work.impl.background.systemjob.SystemJobService) is Protected by a permission, but the protection level of the permission should be checked. Permission: android.permission.BIND_JOB_SERVICE [android:exported=true]	warning	A Service is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device. It is protected by a permission which is not defined in the analysed application. As a result, the protection level of the permission should be checked where it is defined. If it is set to normal or dangerous, a malicious application can request and obtain the permission and interact with the component. If it is set to signature, only applications signed with the same certificate can obtain the permission.
4	Broadcast Receiver (androidx.work.impl.diagnostics.DiagnosticsReceiver) is Protected by a permission, but the protection level of the permission should be checked. Permission: android.permission.DUMP [android:exported=true]	warning	A Broadcast Receiver is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device. It is protected by a permission which is not defined in the analysed application. As a result, the protection level of the permission should be checked where it is defined. If it is set to normal or dangerous, a malicious application can request and obtain the permission and interact with the component. If it is set to signature, only applications signed with the same certificate can obtain the permission.
5	Broadcast Receiver (tech.amazingapps.fitapps_debugmenu.receiver.AuthTokenResponseBroadcastReceiver) is Protected by a permission, but the protection level of the permission should be checked. Permission: tech.amazingapps.fitapps_debugmenu_auth.DEBUG_MENU_AUTHORIZATION [android:exported=true]	warning	A Broadcast Receiver is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device. It is protected by a permission which is not defined in the analysed application. As a result, the protection level of the permission should be checked where it is defined. If it is set to normal or dangerous, a malicious application can request and obtain the permission and interact with the component. If it is set to signature, only applications signed with the same certificate can obtain the permission.
6	Broadcast Receiver (com.appsflyer.SingleInstallBroadcastReceiver) is not Protected. [android:exported=true]	warning	A Broadcast Receiver is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
7	Broadcast Receiver (com.google.firebase.iid.FirebaseInstanceIdReceiver) is Protected by a permission, but the protection level of the permission should be checked. Permission: com.google.android.c2dm.permission.SEND [android:exported=true]	warning	A Broadcast Receiver is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device. It is protected by a permission which is not defined in the analysed application. As a result, the protection level of the permission should be checked where it is defined. If it is set to normal or dangerous, a malicious application can request and obtain the permission and interact with the component. If it is set to signature, only applications signed with the same certificate can obtain the permission.
8	Activity (androidx.compose.ui.tooling.PreviewActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.

NO	ISSUE	SEVERITY	DESCRIPTION
9	Broadcast Receiver (androidx.profileinstaller.ProfileInstallReceiver) is Protected by a permission, but the protection level of the permission should be checked. Permission: android.permission.DUMP [android:exported=true]	warning	A Broadcast Receiver is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device. It is protected by a permission which is not defined in the analysed application. As a result, the protection level of the permission should be checked where it is defined. If it is set to normal or dangerous, a malicious application can request and obtain the permission and interact with the component. If it is set to signature, only applications signed with the same certificate can obtain the permission.

Description:

Unlock a world of yoga and Pilates with Yoga-Go! Whether you're just starting your wellness journey or are an experienced yogi, access 300+ diverse workouts, from gentle Somatic Yoga and Chair Yoga to the powerful Wall Pilates, and explore 500+ yoga poses. WITH YOGA-GO, YOU'LL GET: Your Personalized Wellness Journey: • Personal practice plans: Wall Pilates, Chair Yoga, Somatic Yoga, Classic Yoga, or Sofa Yoga • Tailored yoga series recommendations based on your goals, problem areas, and personal details • 14-30 day plan durations to fit your schedule • Workout Builder Tool: Create your own customized flows with different practice types, difficulty levels, and focus areas Accessible Workouts, Anywhere: • Train at home with no equipment needed • 300+ yoga-inspired workouts, from gentle stretching to intensive Pilates • 10-30 minute sessions for all levels Professional Support: • Bring the yoga studio home! All our classes and somatic exercises are expertly developed by professional yoga coaches and Pilates trainers, ensuring effective and safe practice in the comfort of your own space. Focus on Your Goals: • Workout series specifically designed for energizing, mindfulness, strength, body sculpting, flexibility, or weight loss Deepen Your Practice: • Learn and practice 500+ new yoga poses for both men and women • Explore diverse practices like Tai Chi, Somatic Yoga, Meditation, Chair Yoga, Sofa Yoga, and Classic Yoga • Reduce stress through mindfulness-based exercises and deep breathing techniques WALL PILATES PLAN Unlock core strength and enhanced flexibility with our innovative Wall Pilates plan! Using the wall as a supportive tool, you'll perform precise and controlled exercises that improve overall fitness. Perfect for all levels, with modifications to meet your individual needs. CHAIR YOGA PLAN Discover the gentle power of Chair Yoga! Achieve your wellness goals with this unique series of effective yoga poses performed comfortably from a chair. Ideal for beginners, seniors, or anyone seeking low-impact exercise and stress relief. SOMATIC YOGA EXERCISES Reconnect with your body and find deep relaxation with our Somatic Yoga program, designed for all genders. Strengthen your core, improve balance, and effectively manage stress through mindful, tension-releasing movements that enhance your bodily awareness. PRACTICE FOR EVERYONE Yoga-Go offers a diverse range of practices for every body and fitness level. Reduce stress through mindfulness and meditation, build strength with Pilates, enhance flexibility with gentle stretching, and improve body awareness with Somatic Yoga. Explore Tai Chi, Chair Yoga, Sofa Yoga, Classic Yoga, and more – your perfect practice awaits! SUBSCRIPTION INFO You can download the app for free. Further use requires a subscription. In addition to the purchased subscription, we may offer you add-on items (e.g. health guides) for an additional fee, either as a one-off or recurring payment. At our discretion, we may decide to offer you a free trial per the terms displayed in the app. Privacy Policy: https://legal.yoga-go.io/page/privacy-policy Terms of Use: https://legal.yoga-go.io/page/terms-of-use Love Yoga-Go? Leave us your comments! Questions? Feedback? Email us at amelia.support@yoga-go.io Start your daily workouts with Yoga-Go. Explore new poses of yoga for beginners, train with a 28-day Pilates challenge, try stretching with Chair Yoga for Seniors or Somatic Yoga workout, and build one more good habit into your life.
